NEW SERVICE

SKIN CONSULTATIONS

Proper skin analysis is the key to successful treatment and results. We are excited to offer in-depth skin analysis with our new **Skin Scanning Analyzer Machine**. This machine safely analyzes your current skin type and condition as well as identifies any damage below the surface. As a result, we are able to target specific issues with a customized treatment program.

To our existing clients, we would like to extend COMPLIMENTARY skin scanning analysis with your facial starting June 13th. On September 1, 2011 skin consultations will be \$30 (\$20 with facial). Come see with your own eyes the type of skin you have.
